GP

1Stop4aGP

Access to a GP made easy.

Many people are struggling to access basic health care and get an appointment to discuss their health with their GP.

There is little evidence to suggest that this position will improve in the coming months.

1Stop4aGP are here to help you resolve these issues.

Access to a GP made easy.

Having access to a GP is essential for effectively managing your health.

Regular GP appointments provide critical medical assessment and alleviate the worry associated with health concerns. Timely access to a GP ensures prompt diagnosis and treatment, offering peace of mind and preventing minor issues from becoming major concerns.

This accessibility is crucial for maintaining overall well-being, both physically and mentally.

This is where 1Stop4aGP can help.

Our Service

Our GP consultation service gives you and your family access to:

Telephone helpline:

Round-the-clock support from a GP, with no limit on consultation time or the number of times you can call.

Video consultations:

Face-to-face appointments with a doctor can offer more in-depth advice. Booked initially via telephone, video consultations are available 7 days a week between 08:00am and 10:00pm.

Electronic private prescriptions:

Our doctors can issue private prescriptions that can be delivered via our online pharmacy partner, Pharmacy2u, directly to your home or workplace.

So, how does it work?

You simply call our 24/7 helpline, where they will speak to an experienced member of the customer service team who will book either a telephone or video consultation with a GP at a convenient time to them.

One of our doctors will call the employee back at the appointed time and their consultation will begin.

With no time limit on consultations, they can speak to a clinician for as long as necessary about any concerns or symptoms they may have.
